

## **Application Acceleration**

- Mobile worker acceleration
- Windows file sharing
- Email, ERP, CRM, Lotus Notes
- NSF/FTP, Web
- Backup and replication
- Bespoke applications

## **Site Consolidation**

- File and email servers, filers
- Remote storage
- Tape backup equipment
- Off site media management
- On-line backup
- Outsourced services

## **Bandwidth Optimisation**

- Accelerate key applications
- Optimisation of TCP behaviour
- Reduction of latency
- Reduce duplicate data across links
- Optimise specific application protocol behaviour

## **Application Performance Management**

- Application monitoring
- Network monitoring
- Capacity planning
- Troubleshooting
- Fault prevention
- Service-level management
