20 June 2018

09:00 - 18:00

Kyalami Grand Prix Circuit & International Convention Centre

The conference where disruptors like you gather to change not just the world of business, but the world at large. Where the journey to cloud and AI takes centre stage. Where you can find the expertise to modernise and secure your enterprise.

Come curious. Leave inspired. From educational to aspirational to downright amazing, the sessions at **Think** let you experience AI, cloud, IoT, security and connected data in a whole new way.

Join us for the event where the problems of tomorrow meet the minds of today.

What you'll find at **Think** Johannesburg:

Communities of people with a shared vision. Experts in cloud, AI and imagination. Business leaders who get it. Technologists who invented it. Thinkers like you who make it happen.

- Inspiring visionaries, inventors and expert speakers
- Showing as opposed to telling, with hands-on labs and think tanks
- The latest technology
- Access to a growing partner ecosystem of technology experts
- Opportunities to meet smart, fun people
