Datacentrix declares war on Covid-19 with Backup-as-a-Service offer

Data availability and data protection are essential elements of any organisation's backup and recovery requirements, which have been compounded by the COVID-19 pandemic.

- Effective immediately, all new Backup-as-a-Service (BaaS) portal and/or contracted clients will receive the first three months free.
- The limited offer is available on all new contracts until 31 July 2020.
- Minimum six-month contract required.
- Terms and conditions apply.
