In industrial environments, the most dangerous vulnerabilities are often known but unmanaged, unpatchable, or hidden behind operational constraints. Operational Technology (OT) asset vulnerability translates technical exposure into business and operational risk that management can act on. OT asset vulnerability does not ask "What devices exist?" It answers far more critical questions, such as which assets can realistically be exploited? What failure or attack would stop production, impact safety, or breach regulation? Where is the risk we are unknowingly accepting?

1. The Difference Between OT and IT Vulnerability

Traditional IT vulnerability management focuses on patching speed and common vulnerabilities and exposures severity. OT environments require a fundamentally different approach:

- Systems cannot be rebooted freely
- Patching may void vendor warranties
- Some vulnerabilities can never be remediated technically
- Availability and safety outweigh confidentiality

OT asset vulnerability management recognises these realities and focuses on risk control, not checkbox remediation.

2. From Vulnerability to Control (not just findings)

Where vulnerabilities cannot be patched, we define compensating controls, such as:

- Network zoning and conduit enforcement
- Application allowlisting
- Restricted remote access paths
- USB and removable media controls
- Enhanced monitoring around high-risk assets

This shifts vulnerability management from "fix it or fail audit" to "control the risk and prove governance".

3. Fortify Your Operational Resilience

Ensure your OT assets are not a point of vulnerability. Contact our industrial asset vulnerability specialists today to discuss how we can help you manage business and operational risks in your OT environment.

4. National Contact Details

Corporate office
Tel: +27 87 741 5000

Corporate Park North
238 Roan Crescent, 1685
Old Pretoria Road, Midrand

PO Box 50722
Randjiesfontein
Midrand, 1683

Logistics centre
Tel: +27 12 657 5000

26 Landmarks Avenue
Kosmosdal, Extension 11
Samrand, Midrand

PO Box 50722
Randjiesfontein
Midrand, 1683

Coastal

Cape Town office
Tel: +27 21 529 0700

18 Oxbow Crescent
The Estuaries
Century City, 7441

PO Box 181
Century City
Cape Town, 7446

East London office
Tel: +27 43 705 8000

Suite 2, 11 Cavendish Road
Vincent
East London, 5217

PO Box 19066
Tecoma
East London, 5214

Gqeberha office
Tel: +27 41 391 0200

Southern Life Gardens
Ground Floor, Block B, 70 2nd Avenue
Newton Park, Gqeberha

PO Box 63657
Greenacres, 6057

Durban office
Tel: +27 31 389 0500

1st Floor, 30A The Boulevard
Dawncliffe, Westville
Durban, 3629

PO Box 1645
Westville, Durban, 3630

Middle East

Doha office
Tel: +974 4007 1793

Eighteen Tower
Zone 69, Street 303, Building 230
19th Floor, Office 1972
Lusail, Doha, Qatar
PO Box 23107

Rest of Africa

Datacentrix deploys technologies and provides support services to customers across 45 countries in the rest of Africa.
